Implant Dentistry - Fundamentals & Beyond: Surgical and Prosthetic Protocols for
Predictable and Long-term Success

"Thank you as always for a well-run, so organized course. I love having nothing to do but be well rested, and learn about a subject there is a deep interest in."

Cynthia Copeland, General Practitioner, Santa Barbara, CA

"The overall experience of the 4 days was great! From accommodating staff, amazing facilities, excellent food, to Dr. Khoury. Intense and abundant information on Implant Dentistry fundamentals and new thoughts. You will never find a course that compares."

Heather Cline-Newman, General Practitioner, Springfield, MO

"This was my first course at IDEA. Very organized. You sign up and don't have to worry about anything else. Very well-organized course, given in a beautiful well-equipped facility. Dr. Khoury was amazing and presented well supported practical techniques that can be utilized immediately. Great job overall!"

Rami Khoury, General Practitioner, Bethlehem, PA

"This is a great course to understand more about the complexities of implants and restoration and be able to have better treatment options in the practice."

Maria Yeo, General Practitioner, Belmont, CA

"Thank you very much for a wonderful experience. This was the most organized venue for CE that I have had."

Roland Nomie, General Practitioner, Clackamas, OR

"Another unique educational opportunity from IDEA. I am grateful to Dr. Khoury for providing the information that will bring my confidence and outcomes for my patients to the next level."

Denys Kovalchuk, General Practitioner, Mill Valley, CA

"This course made me think much more critically about the materials I use in my practice. I definitely see myself shifting away from biomaterials as I learn more from Dr. Khoury."

Pratiksha Amin, Periodontist, Stafford, TX

"IDEA is a great learning facility. Best CE in Dentistry"

John Harrington, General Practitioner, Orange Park, FL

"Great speaker, great organization, great other alumni"
