## IDEA Alumni Testimonials

Didier Dietschi, D.M.D., Ph.D.

### Interceptive Treatment of Tooth Wear with Minimally Invasive Adhesive Restorations: A Breakthrough in a Global Treatment Approach to Manage Erosion, Abrasion and Attrition Pathologies

"I'm a self-professed CE junkie. I want to provide the best for my patients. I come to IDEA for the world-class experience with international speakers, but I always leave with new friends from all around the World."

Jennifer Nguyen, General Practitioner, Fairfax, VA

"Fantastic experience. The small group of like-minded professionals was a joy. Dr. Dietschi was a great presenter, humble, funny and fully available to us. His material is practical to implement, incredible service for patients, very supported by research. His slides are as beautiful as the dentistry he does. The hands-on is transferable to my office. The IDEA support team are so helpful and available. I have not had a better course!"

Jeffrey Roth, General Practitioner, Hailey, ID

"The amount of information packed into the 4 days is incredible. As usual I thoroughly enjoyed the time. Thank you!"

Daniel Murolo, General Practitioner, Redding, CA

"IDEA has always been an amazing teaching facility. They have great lectures and awesome staff. Very high end quality of hands on and personalized approach. Nothing will disappoint you and you will have the confidence to immediately apply what you have learned at IDEA."

Barbara Kostyk, General Practitioner, Calgary, AB, Canada

"Very nice course. All the people from IDEA were very nice. Thank you for all!"

Sebastian Otazu, Prosthodontist, Asuncion, Paraguay

"I think this course makes me see a different way to screen my patients and the give the knowledge to identify different occlusal patterns, when I go back to work on Monday morning. In the hands-on lab an opportunity to improve the way I restore my patients, to bring quality for my work and longevity to my treatments."

Jose Lopez, General Practitioner, Prince George, BC, Canada

"I had an outstanding experience during last 4 days. Dr. Didier Dietschi is exceptional teacher and a great human being. All these ideas are very practical and can be used immediately."

Irena Starchenko, General Practitioner, Encino, CA

"Amazing course at IDEA! Great facilities and the people here are very nice. We had a really good exchange of science and information with colleagues and the professor was at his best. Thanks a lot for everything!"

Manuel Otazu, Prosthodontist, Asuncion, Paraguay

"A very thorough and practical course. It's extremely helping me improve my practice and elevate patient care. I feel confident that I could implement the technique I learned here."

Solmaz Forutan, General Practitioner, San Jose, CA

"I have been to many occlusion courses, but found several hard to implement in the office, or more concerning, very aggressive in treatment. This is the first course I have attended where restoring has been on the patient side of minimalist and preventative of more damage. I can't wait to implement these principles with my patients."

Mira Perkovic, General Practitioner, Prince George, BC, Canada

"Dr. Dietschi is a true master of restorative dentistry. He has incredible ability to break down the complex topics into bite sized information that we can apply into our daily practice."

Zahur Subedar, General Practitioner, San Francisco, CA

"I have taken now 3 courses with Didier Dietschi at IDEA, and it is amazing the amount of ROI you get. Everything is so applicable, you can put it in practice right away. You get lectures, plenty of hands-on, and one-on-one with the best of the best. You cannot get a better education with immediate ROI. Highly recommend his courses."

Gabriela Garcia-Rojas, General Practitioner, Mill Valley, CA

"I decided to take this course because there is a great need for this service at my practice. I am ready to implement these techniques, and I know there will be a tremendous ROI as I've seen with the other courses I've taken at IDEA. "

Antonio Cutlatsakes, General Practitioner, New York, NY

"Amazing practical information. Truly the master of Biomimetic Dentistry. It's very encouraging to see the long-term clinical results of the approach."

Jiawei Li, General Practitioner, Mill Valley, CA

"This was my second course with Didier, and he does not disappoint! Even though he is a master clinician, he is humble and transparent. His tooth wear course is the answer to any dentist looking for a minimally invasive but extensive treatment like full mouth rehabilitation for patients. I recommend this course for anyone looking for quality and applicable CE!"

Jenny Stevens, Prosthodontist, Honolulu, HI

"IDEA consistently delivers innovative, high-quality content, making it an invaluable resource for professionals seeking both inspiration and practical tools to elevate their craft. This was my second time attending, and once again, it exceeded my expectations. This caliber of education, hands-on experience and meticulous attention to detail are truly unmatched. Each class is thoughtfully curated and immediately applicable in practice. I can't wait to return for more."

Anna Paholiouk, General Practitioner, Rancho Mission Viejo, CA

"Inspiring lectures and demonstrations. After the course I felt invigorated and prepared to take the material into my daily practice. World-class clinician and lecturer. Would recommend to all restorative dentists."

Anthony Deza, General Practitioner, Murrieta, CA

"This is my 7th course at IDEA, truly an extraordinary course. Dr. Dietschi's talent is amazing, and he is able to share his knowledge and passion, so participants can apply them to the practice. You will get the opportunity to have theoretical sessions followed by plenty of hands-on on interceptive treatments from moderate to severe cases. The course will boost your confidence, improve your ability to deliver high quality treatment."

Heidy Gutierrez, General Practitioner, Summerside, PE, Canada

"If you haven't been to a class taught by Didier Dietschi you are really missing out on a plethora of dental knowledge. If you have a question about materials, methods, or techniques he will definitely know the answer.

Didier is kind and approachable. All dentists, no matter what stage you are at in your career, can benefit from his classes. He is the master!"

Nicole Watson, General Practitioner, Bakersfield, CA

"I thoroughly enjoy all the classes every time I come. Didier's knowledge is immense and provides useful new tools for the practice. I have made friendships with like-minded individuals which created a support network after. The tooth wear techniques presented are sure to help patients keep their teeth healthier and longer. Thank you!"

Anne-Claire Landry, General Practitioner, Cote Saint-Luc, QC, Canada

"This course is a perfect companion to an excellent textbook on tooth wear. It provided clinical solutions to address all stages of tooth wear from prevention to advanced. Highly recommended!"

"Training with Didier has been an absolute transformative experience for my career. Didier beautifully blends excellence in adhesive & esthetic dentistry with practicability. This latter aspect comes through from his vast clinical experience and patients as well as long term - decades of clinical follow up. This is truly Clinical Mastery in Adhesive and Esthetic Dentistry."

Steven Schiffenhaus, General Practitioner, Gilbert, AZ

"As always IDEA exceeds my expectations with the quality of the speakers. I will be back again!"

Alexander Chukreeff, General Practitioner, San Francisco, CA

"Amazing course! Great instructors, great facility. The lectures and hands-on were very good, very practical. Didier Dietschi is amazing."

Joonyon Park, General Practitioner, Kanata, ON, Canada

"IDEA has provided high quality education with first class service. One of the best teaching environments I have ever been in."

Jared Simpson, General Practitioner, Bakersfield, CA

"I would advise any new dentist who is looking for a quality dental education and to build long-time relationships with wonderful mentors and like-minded colleagues, to come to IDEA. Your dental journey will be amazing!"

Mouna Hachichou, General Practitioner, Surrey, BC, Canada

"I really enjoyed every second of this course. Very well organized material with a generous execution. Didier was absolutely a delightful teacher. Thank you!"

Leyli Shirvani, General Practitioner, San Francisco, CA
